MASTERFILE & EYFS

In each newsletter we will remind parents that they can see the OFSTED guidelines, and the “Masterfile” for CareClub at any time, during Club hours by just contacting a member of staff. The OFSTED guidelines state what OFSTED expects from a Club like CareClub, whilst the Masterfile contains all the procedures, and policies that we operate the Club by. We also have similar policies and procedures for EYFS, and parents are welcome to inspect these as well as any observational information we have recorded on their children.
